11) There are five temporary mastries attached to the following sections as follows

1) Mastry Rs 25/- p.m. Parks & gardens Estt.
2) " 25/- " Temporary intensive cleaning Staff
3) " 85/- " Temporary Lascars Estt.
4) " 20 " Decentralising Establishment
5) " 90 " Do

In the case of these 5 cases, the scale of pay is proposed to be revised to the grade of Rs 35-5/2-50 + 7/8/- C.A. as in the case of permanent mastries (now designated as work inspectors) - The Municipal Engineer recommended on 19.7.48 that the scale of pay of these mastries may be fixed at Rs 35/-

Flag A) B) The Fin'l Member would stick to their original recommendation of Rs 35-5/2-50+2/8/C.

12) In the fifty first case under consideration in this connection. -

4) The establishment is a temporary one, being charged to the work-charged establishment sanctioned for the year. It consists of several unskilled posts on fixed pay as detailed in the statement attached to the temporary posts and one graded post is given Hence the Fin'l Engineer proposes to give them a uniform scale of Rs 35/- p.m. to each of them is reasonable & may be accepted. Even then their salary would be almost doubled, if the D.A. is

taken into Consideration

(2) If the present condition of the city is taken into consideration, there is no justification for the increased salaries proposed and it will have passed a resolution without knowing as to when the times warrant to strike to it

(3) The pay to be given is generally fixed with reference to the nature of the work pertaining thereto. There have no correspondences the nature of work expected from the servants such inspection who have to all the Engineering works in the different parts of the such as measurements done. Preparation bills etc of physical labour is effected by the temporary servants

(4) Under the present pay, the conservancy maistries might also demand, in all fairness, the same rate of pay because they are also called maistries

(5) Having regard to the above considerations it is submitted that there is no justification to increase the pay as recommended from fifteen and upwards to

MC 1829

Rs 35 — 1/2 — to be worked by deposit (Rs 35) in addn
the question of the grant of C.A. to the Rly employees

Revision of the scales of pay of the temporary masters of the Bangalore City Municipality

PL
4638

Letter No 5/125-E dated the 15th December 1946 from the Chief Engineer for Irrigation in Mysore on the subject

—

17) The Chief Engineer for Irrigation reports that a new grade of Rs 35-2½-65 has been proposed for temporary masters and that final orders have not yet been received. The grade pay of the Work Inspectors of the P.W.D. is stated to be Rs 40-2½-50-3-80+5-Ca according to the revised scales cited with reference in para 16 supra

KOV. 26 12.46 KOV 27-12-46

18) The nature of work done by the temporary masters attached to the Engineering section of the Municipality is quite different from that done by the work inspectors under the P.W.D. as stated above. The pay given to temporary masters ranges from Rs 25 (fixed) to Rs 45 (fixed) p.m. and that the question of placing them

4638

a revised grade of Rs 352-35-

19) Kind reference is invited to the notes at pages 10 to 13 ante on the above subject.

20) In the reasons mentioned in para 12 ante, there does not appear to be any justification to give a graded pay of Rs 352-35-422-30 as recommended by the Board to this class of employees. Hence it may be the present decision at Rs 350 p.m. — which will be a substantial increase over the present pay-in order. The Secretary's case and the question of further revision may be considered after orders are passed in respect of these employees in the P.W.D. proceedings.

1 A proposition statement in duplicate indicating the financial implications of the proposal is herein enclosed

The extra expenditure on this account may be met out of the provision made in the Budget for the works charge establishment of this section

2 Since the maistries were borne on the temporary establishment, continued from year to year, these cases were not included at the time of recommending the case of 8 maistries who were permanent

3 There are no similar cases to be dealt with at present

4 The temporary posts of these maistries were being continued year after year with the approval of the Municipal Council and Government as these were essential to attend to increased work The period for which these temporary posts are in existence is available from the files relating to the continuance of these establishments and the fixed pay of Rs 35/- per mensem may be recommended to be paid for the present in respect of these maistries
